6. (Secret - GLC) [REDACTED] FE Division, consulted us about a request from State Department that we provide Justice Department with Agency reports on [REDACTED] and Radio of Free Asia. [REDACTED] had previously discussed this with Mr. [REDACTED] of OGC. I made some suggestions for inclusion in the transmittal note to Justice and also suggested that this matter be cleared with Mr. Karamessines. 25X1A

9. (Confidential - JMM) Accompanied Mr. [REDACTED] and Phil Vandivier, State Department, in meeting with Representative Paul Rogers and Robert Maher, of his staff, in response to Rogers' request for follow-up information on a clandestine report on an "arms for opium deal" involving the ChiNats. We explained that despite continuing efforts we had been unable to obtain any confirmation of this report and continued to consider it of dubious validity. However Rogers persisted in his interest and urged that we continue to seek confirmation or clarification, which we promised to do.
